11.1 The finishing line will be between a staff displaying a blue flag or shape on the RC Boat and the course side of the nearby mark of the course. The position of the RC Boat will depend on water depth around the finish mark (i.e., the line may be reversed).

11.1.1 In the case of an upwind finish, a yellow inflatable cylinder may be set to starboard of the signal boat. The finish will be between the blue shape on the signal boat and the yellow cylinder

11.2 The RC will remain on station at the finish until the time limit unless conditions dictate otherwise. If the RC is not on station, competitors shall take their own time when their bow crosses a line through the finish mark that is perpendicular to the last leg of the race and they are within 50 yds of the mark.
