**MESSAGE FROM
THE HON. RICHARD SEALY, M.P. ..
MINISTER OF TOURISM AND INTERNATIONAL TRANSPORT
FOR THE MOUNT GAY ROUND BARBADOS RACE SERIES**

Message from the Hon. Richard L. Sealy, M.P. ,
Minister of Tourism and International Transport
for the Mount Gay Round Barbados Race Series 2017

It is another exciting year for sailing in Barbados and I warmly welcome all participants, families and friends to the 2017 Mount Gay Round Barbados Race Series.

Barbados is fortunate to be the home of this prestigious tournament which can boast of being in existence for some 81 years. The longevity of this event underscores the foresight, commitment and dedication of the tournament organisers who have managed throughout the years to consistently create memorable experiences for competitors and spectators alike.

In 2016, the event benefitted from attracting two of the fastest race boats in the world to the Round Barbados Race: the MS Barbados Concise and Phaedo 3. Consequently, sailing fans were thrilled by competitive and exciting races some of which were decided by mere seconds. To the cheers of elated fans, five of the competing boats broke records and won their skipper's weight in Mount Gay Extra Old. We are delighted that the MS Barbados Concise 10 has returned in 2017 to defend her record and spectators will be anticipating another exhilarating contest. We are also fortunate to welcome back Elena of London and Adix. These two magnificent racing schooners have returned to race around the island with the locally built schooner, Ruth. It is always gratifying when schooners participate in the Round Barbados Race since historically, the original race was created for competition between trading schooners.

In addition to locally organised contests like this event, Barbados has developed a proud legacy of hosting a number of world-class sporting competitions in various disciplines, including cricket, football, polo, tennis, and car rallying. In our continued efforts to promote the sports tourism niche we have also made some significant strides in hosting international nautical events.

Sailing enthusiasts will be delighted to note that in 2017 Barbados will be the host destination of the OK Dinghy World Championship from May 24 to 31, followed by the Finn Masters World's from June 2 to 9.

I take this opportunity to wish all competitors a successful and safe event and look forward to your support in 2018 and beyond.

Richard L. Sealy
Minister of Tourism and International Transport

THE MOUNT GAY ROUND BARBADOS RACE TRADITION

The earliest recorded sailing race around Barbados was held on New Year's Day 1936. Five trading Schooners took part going Southabout (anticlockwise) starting at 7am. The race was won handsomely by the American Schooner "Sea Fox" captained by Lou Kennedy a distant relative of the Kennedy family and a renowned smuggler. His winning time to complete the 60-mile circumnavigation was 10 hours and 22 minutes. The prize was ten pounds sterling but the real prize was the bragging rights. The Islanders loved the race and there was traffic chaos as people drove across the island to get a view and thousands more were amazed by the latest technology of the day providing live radio broadcasts.

Cut ahead 75 years. The Barbados Cruising Club in Association with Mount Gay Rum decided to revive the tradition with an annual sailing race around the island. The date of the race was set as 21st January, the birthday of one of the founding figures of the Barbados Cruising Club The Rt Excellent Errol Walton Barrow. Errol Barrow was also the first Prime Minister of Independent Barbados and is revered as a National Hero. His birthday is celebrated with a national holiday and it seemed a fitting tribute to the man who used to love to sit on the terrace of the Barbados Cruising Club to hold the Mount Gay Rum Round Barbados Race on Errol Barrow Day. As with the first race, thousands of people come out to watch from the beaches and the latest technology is employed to help people follow the race; each participating boat is equipped with a GPS tracker and people around the world can follow the race on their computers and smart phones. There is only one race mark, which is the start-finish line between the committee boat and the flagpole on the Barbados Cruising Club. Boats are started in a staggered fashion with the aim of getting everyone safely back to the Club for a massive party with plenty of Mount Gay Rum in the late afternoon.

There are several prizes available but the most coveted is the prize for breaking a record time around the island. The prize on offer is the Skipper's weight in Mount Gay Rum Extra Old. Each skipper is carefully weighed before the start of the race. The record times are a bit quicker than they were for the schooners of the 1930s and the absolute record currently stands at 2 hours, 37 minutes, 38 seconds for a multihull and 4 hours 42 minutes and 20 seconds, for a monohull.

Even if you don't win a prize you have a good chance of getting your money back in Mount Gay Rum when you get ashore. You will also be awarded one of the highly sought after Mount Gay Red Caps. The race series now includes 8 parties all fuelled by copious quantities of Mount Gay Rum. Whether you are racing or watching from the shore enjoy the 2017 Mount Gay Round Barbados Race.

YACHT DOCKING AND MOORING

SHALLOW DRAFT

This new docking facility was recently opened on the occasion of the 50th Anniversary of Barbados' Independence. Located to the north east of the main cruise ship terminal, enter by passing the cruise ship terminal to your starboard and you will see the new docks straight ahead as you head east into the shallow draft docking area.

Vessels wishing to enter or leave the port area on their way to the shallow draft docks must hail the Bridgetown Signal Station on channel 12 or 16 to obtain clearance. There are large cruise and freight ships entering and leaving the port that are not easily maneuverable and the signal station must be made aware of your intentions. You should also indicate to the signal station if you are intending on clearing in to customs - a service now provided at the shallow draft docks.

The shallow draft name may stir caution to the helmsman, but in fact has plenty of draft for the average cruising yacht. It is named as such to differentiate itself from the deep water harbour for cruise ships.

The shallow draft has showers, washing machines and wifi. Berthing in shallow draft will be free during the event. The organisers must be notified of intended berthing location in advance.

INNER BASIN OF THE CAREENAGE IN BRIDGETOWN

The Chamberlain Bridge is at the east end of the carenage in the city of Bridgetown. Passing through the bridge, there are a number of med-style moorings with power.

To arrange for a mooring, please call +1-246-434-6100 and request Marine Services.

CARLISLE BAY

Anchoring in Carlisle Bay is permitted. Mooring balls are privately owned and must not be used without permission. Landing area for dinghies is available at the Barbados Cruising Club. The club is not responsible for theft or damage of dinghies or other property.

BOAT MEASURING

All boats competing in the Coastal Racing Series are encouraged to obtain a CSA measurement. The regatta measurer is Renata Goodridge who may be contacted on renatabdos@gmail.com to make arrangements. For boats travelling to Barbados from other parts of the Caribbean a list of Caribbean Sailing Association measurers can be found on their website at:

ALL ABOUT THE BARBADOS CRUISING CLUB

The Barbados Cruising Club was founded by Ian Gale, of The Barbados Advocate in October 1957 in response to restrictive membership practices then in place at the neighbouring Barbados Yacht Club. Founding members included the who's who of Bajan society, most notably the Right Excellent Errol Walton Barrow, who after completing his term as the first club treasurer, went on to lead Barbados to independence from Britain in 1966, becoming the Island's first Prime Minister.

With Barbados' beautiful beaches, crystal blue waters, and perfect sailing conditions, it is the Club's mission to make sailing available to ordinary Barbadians. This is as important to us now as it was back then in 1957.

After many years as a vibrant social and sailing club, the Barbados Cruising Club fell into decline following the turn of the century. By 2006 the Club was effectively bankrupt, with large debts and few members. But those members never gave up and their persistence and determination paid off. A steering committee was created to guide the club back to life. Through their hard work, and partnerships with local businesses the Cruising Club was given a new lease of life.

The Club today is almost unrecognisable from the Cruising Club of 2006. Major renovations started in 2009, and continued through 2010. Our membership numbers grow month on month. The Cruising Club is now proudly back in its place as a vibrant South Coast hub, with regular sailing and social events.

Although our decor has changed and our facilities improved, the core values and aims of the Club have not. We are a totally inclusive club that welcomes members both locally and internationally. We strive to share the 'sailing bug' throughout Barbados. We recognise the special place that Errol Barrow holds in our history through the name of the bar, "Dipper's", his nickname, and also by hosting The Mount Gay Rum Round Barbados Race on Errol Barrow Day, January 21st annually.

THANK YOU TO OUR SPONSORS
